

A graphic scale bar is shown with a total length of 40 feet. The bar is divided into four equal segments, each representing 10 feet. The segments are colored in an alternating pattern: black, white, black, and white from left to right. The scale is labeled "SCALE 1"=20'" above the bar. Below the bar, the distances 0', 10', 20', and 40' are marked at the corresponding segment boundaries.
